

CAPABILITY STATEMENT: Lantz-Boggio Architects

Core Competencies/Past Experience: We use an integrated design approach for economic, fast **constructability**. We have the **capacity** for on-time performance of multiple simultaneous projects. Lantz-Boggio has ample experience with the FAR, UFCs and installation design guides for **compliant** designs the first time:

- Architecture, Interiors, full engineering
- Master planning, SRM repairs-renovations
- Dorms, base housing, Dining Halls
- Educational and training, Healthcare, clinics
- Computer renderings and animations
- LEED, Green Globes, sustainability, Cx
- Past Federal Experience: **DoC, DoS, DoE, DoD**

PSC: C211, C215, C219, C1AA, C1AZ, C1CZ, C1DA, C1DB, C1FA, C1FD, C1GZ, C1JZ

DUNS: 088448766

Socio-Economic: Large Business

Strategic Design Teams Reduce Risk: For federal agencies that struggle with getting consistent A/E performance - we know your world. Each of our projects gets a unique strategic design team, not the generic, package-deal design team. Strategic design teams provide you the most competitive and best qualified engineering support for your one unique project. We assemble a complete team of experienced design professionals for the strategic advantage of one specific government client - one specific project – at one specific location.

- **WE TAKE FULL RESPONSIBILITY**
- **OVER COMMUNICATION**
- **PROACTIVE APPROACH**
- **SENSE OF URGENCY**
- **CREATIVE DESIGN SOLUTIONS**

Lantz-Boggio Architects delivers Title I, II and III planning and design throughout CONUS and OCONUS. We bring the **latest industry expertise** to DoD projects. You are our big priority. The person you meet is the person who actually does the project and stays with you.

Lantz-Boggio Architects is a **national architectural and interior design firm** established in 1959. With over 50 employees, we have completed **projects in 32 states**. Our DoD contracts include projects at 14 active military bases. We have designed projects in Afghanistan and at the Reagan Missile Test Site on Kwajalein Atoll, Marshall Islands, South Pacific.
